

To whom it may concern:

Irradiated foods may soon show on the shelves of our ^{6285⁰⁰} grocery ^{July 27¹⁹:43} stores.

Being a health conscience mother, I surely will avoid such foods.

This letter is a plea to you to assure me that the labeling will be clear and easy to read. (Not misleading).
Labeling such as:

"Treated with radiation"

or
"Treated with irradiation"

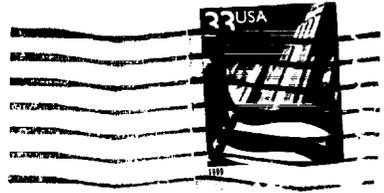

As a consumer, I have a right to know how my food has been processed.

Please ensure that labeling requirements are strengthened. — Not weakened.
